*Advancing Cybersecurity Through
Artificial Intelligence*

Sponsorship Opportunities

Partner with ICABCR-2026 and position your organization at the forefront of AI and cybersecurity innovation. Our tiered sponsorship packages offer flexible options for maximum visibility and engagement with global industry leaders.

- Showcase your organization to a global audience of researchers, academicians, industry experts, and policymakers in AI and Cybersecurity.
- Reach and engage with 10,000+ students across the IILM campus and an extended audience of 100,000+ students and professionals across the NCR region.
- Build strategic collaborations with leading universities, research institutions, and technology innovators.
- Gain premium brand visibility through conference proceedings, digital promotions, banners, technical sessions, and social media outreach.
- Access emerging talent, researchers, and future cybersecurity professionals for networking, recruitment, and innovation partnerships.
- Position your organization as a thought leader in AI-driven cyber resilience, cybersecurity innovation, and emerging technologies.
- Engage directly with cutting-edge research in Generative AI, Quantum Cryptography, Zero-Trust Security, Threat Intelligence, and AI-powered defense systems.
